

REMARKS

Claims 38-41 and 67-83 are pending, with claims 38, 69, 74, and 79 being independent. Claims 38, 69, 74, and 79 have been amended.

The undersigned thanks the Examiner for the telephonic interview of October 30, 2007. During the interview, the undersigned informed the Examiner of a mistake in each of the independent claims and indicated that it appeared that an amendment under 37 C.F.R. §1.312 seemed appropriate to correct this mistake. The Examiner agreed with the undersigned and indicated that he would enter the amendment if we submitted it under 37 C.F.R. §1.312.

Therefore, applicant has amended the independent claims to correct the mistake such that each amended claim now recites that the “electric potential of the power source line is the same as one of a higher electric potential and a lower electric potential...”

Applicant asks that all claims be allowed in view of the amendment to the claims. It is believed that no fee is due in connection with this filing. Nevertheless, please apply any charges or credits to Deposit Account No. 06-1050.

Respectfully submitted,

Date: October 30, 2007
